

# Bowls of Hope Project

The Bowls of Hope Project is designed to spread awareness of the need for affordable housing in Ventura County and the importance of on-site services and programs provided by Many Mansions.

Five hundred ceramic bowls have been created by local community members for our guests to keep as a reminder of the day. Guests enjoy delicious soups and breads, donated by local restaurants and served by dignitaries and civic leaders. Enjoy a simple meal, participate in the art show, listen to music, and enter a chance to win wonderful raffle items.

## PLEASE JOIN US!

Thank you for your continued support as together, we help those most in need in our community.

**Sunday, April 10, 2011**
