

Discovery Church Tackles Community Room Project in Simi Valley

When Many Mansions' Casa de Paz residents expressed interest in having their community room repainted, and perhaps the furniture replaced, it seemed unlikely that Many Mansions would be able to find a group of volunteers, as well as a furniture donor, capable of providing the support necessary to make this vision a reality. However, with the help of volunteers from Discovery Church in Simi Valley, the Casa de Paz community room has a new look.

On Saturday, June 7th, as part of ACTION's annual "Takin' It to the Streets" community service effort, volunteers from the Discovery Church gathered at Casa de Paz to repaint the community room. The group's intention was not only to "freshen up" the space, but also to add additional furniture and décor items to give the space a warmer, more inviting feeling, as well as make it more conducive to community activities. The Discovery Church generously provided volunteers, paint, painting supplies, a card table and set of chairs and decorative pieces such as a mantle clock, wall hanging, and faux plants. Thanks to a local donor, Casa de Paz also gained a beautiful sectional sofa!

Many Mansions would like to sincerely thank the volunteers and donors from Discovery Church who made this project possible. Special thanks go to Laura Malinowski for coordinating the church's volunteer efforts.
