Staff member quote of the month by Sheila F. of Adult Services:

"We delight in the beauty of the butterfly, but rarely admit the changes it has gone through to achieve that beauty."

-Maya Angelou

Yes Yes Yes……It's Pumpkin Time Again !!! Easy Two Ingredient Pumpkin Bread

You will Need:

(1) box Spice cake Mix

(1) small can of pumpkin (not pie filler)

STEP BY STEP DIRECTIONS:

1. COMBINE INGREDIENTS
2. PREPARE A BAKING PAN WITH PAM SPRAY OR BAKING SHEETS
3. BAKE IN AN OVEN FOR 35 TO 40 MINUTES @ 350 DEGREES

♦ Insert a toothpick into the center of the bread. If the toothpick comes out clean or with only a few crumbs clinging to it, it's safe to remove the bread from the oven to a cooling rack.

♦ Another method to use is to lightly touch (quickly/don't burn yourself) the center of the bread. If the bread feels springy, it's done. If you notice that your finger made an indentation in the center of the bread that is remaining, let the bread bake for a few more minutes.

How Soon after COVID-19 Exposure Should I Get Tested?

Note: _Fully vaccinated_ people without symptoms do not need to get tested, but should still monitor for symptoms for 14 days following an exposure.

Exposed to COVID-19?	You may want to get tested...	But don't get tested too soon! Your result may not be accurate.

Wait 5-7 days after being exposed to COVID-19 to get tested.	While you wait to get tested, quarantine at home and stay away from others.	After testing, quarantine at home and stay away from others while awaiting results.

It is safest to quarantine for a total of 14 days, but if staying home would pose a significant economic hardship or burden, and if your test is negative, quarantine can end after 7 days. If you test positive, you will isolate for 10 days after getting tested For more information see: "How Long Do I Need to Stay in COVID-19 Isolation or Quarantine?"

CDS Communicable Disease Service

NJ Health New Jersey Department of Health

For general questions about COVID-19 call 211 or 1-800-962-1253. To find a testing site visit: covid19.nj.gov/testing.

"Jokes for September" SPOTLIGHT

From LarryR –Peer Support

All these humans with muzzles! Who did they bite?

Why are the annoying servants staying in my home all day now?

"It's for your own good. You've got to stop touching your face."

HOW TO PROPERLY GREET SOMEONE DURING THE CORONAVIRUS OUTBREAK

Dad Jokes
@Dadsaysjokes

Due to the quarantine...

I'll only be telling inside jokes.
