## SCAMS, SCAMS— MR.C. SAYS: " BEWARE OF ALL THE SCAMS ! "

If you will not read this, and think you are too smart to be conned or scammed, better think twice. What you do not realize is, that other adults like yourselves, said the same thing. As of several years ago, thousands and thousands of those adults that said, I am too smart to be scanned or conned, were talked out of Billions and Billions of dollars to the tune of; over \$20,000,000,000.00 Billion Dollars in 2020.

This is a good scam to start with. You need to be very aware of getting anything for **FREE** or for just a small shipping charge, in all the different types of videos now running on your computer, **They are not FREE** – In the fine print, under terms and conditions it states: "It is free for your trial 14 days and if you do not cancel before your trial 14 days are up, they will start your automatic monthly billing & shipping from \$50.00 to over \$150.00 **every month**."

**Congratulations!!!**, you got notified you just **won millions of dollars** and a **new luxury car**. The caller can sure make the win feel so real. Most people hear this, forget their common sense and rush into the excitement of emotions and are pushed on by the caller, to answer questions like; how are you going to spend the money & where are you going to drive the brand-new car. Only one little problem, while the winner is focusing on their good luck, they get a message that they have to pay some kind of government fee first. **YOU BETTER WAKE UP FAST** – you are being taken- conned – you never won anything – they are just after the large, stated fee – **IT IS A SCAM. Hang up fast.**

**Try this one.** You get a phone call, a family member, or a name you know, is in some type of trouble or has a problem & needs your help. The story details are very emotional but end up with you having to send money right away or if you do not, something bad is going to happen to them. **Don't jump at this request from a stranger & feel guilty. Hang up fast. - this is a scam.** (Scams & con calls come in many forms. So do the ways to pay them.)

To stop all types of scams on all ages, you should not answer a phone call of an out of the area phone number that you do not know. These scam & con organizations are so good, they can dial your phone number & have their phone number show up on your phone, as a local area code & phone number, even if the call originated from South Africa or somewhere else in the world.

**\*\*\*Absolutely no federal agency will ever "cold call" you to discuss your personal identifying information. Beware of the Scammers Out There.\*\*\***

**By appointment only  
space is limited**

**Contact:  
YOUR CASE MANAGER  
to sign up**

## "RESIDENT SPOTLIGHT"

**JODY L. @ ESSEFF VILLAGE**

My name is Jody Lee and I grew up in Ventura and have lived at Esseff Village for 5 years. Before that I was homeless living on the streets with a lot of fear and no direction. To finally have a roof over my head, a shower & a place to call home. I am grateful for the security and peace of mind. Living at Esseff Village has allowed me to get back to hobbies I enjoy that weren't possible when I was on the street. I enjoy crafts and particularly like the onsite craft workshops. I love searching for sea glass at the beach and have a large collection that I have picked up over the years. I cherish my children and I am a proud grandmother of an eleven-year-old girl and 6-year-old boy. My best friend from childhood lives in Lake Havasu and I am fortunate to be able to visit her. It is like a vacation for me. I am living in gratitude to so many people who have helped my get to where I am now.
