AFFORDABLE CONNECTIVITY PROGRAM

WHAT IS IT?

The Affordable Connectivity Program is an FCC program that helps connect families and households struggling to afford internet service.

The benefit provides:

- Up to \$30/month discount for internet service;
- Up to \$75/month discount for households on qualifying Tribal lands; and
- A one-time discount of up to \$100 for a laptop, desktop computer, or tablet purchased through a participating provider.

WHO IS ELIGIBLE?

A household is eligible if one member of the household meets at least one of the criteria below:

- Has an income that is at or below 200% of the Federal Poverty Guide lines;
- Participates in certain assistance programs, such as SNAP, Medicaid, Federal Public Housing Assistance, SSI, WIC, or Lifeline;
- Participates in Tribal specific programs, such as Bureau of Indian Affairs General Assistance, Tribal TANF, or Food Distribution Program on Indian Reservations;
- Is approved to receive benefits under the free and reduced-price school lunch program or the school break fast program, including through the USDA Community Eligibility Provision;
- Received a Federal Pell Grant during the current award year; or
- Meets the eligibility criteria for a participating broadband provider's existing low-income program.

TWO STEPS TO ENROLL

1

Go to [ACPBenefit.org](https://www.acpbenefit.org) to submit an application or print out a mail-in application.

2

Contact your preferred participating provider to select an eligible plan and have the discount applied to your bill.

Some providers may have an alternative application that they will ask you to complete.

Eligible households must both apply for the program and contact a participating provider to select a service plan.

Must be from M-F 8am-5pm

ICE CREAM BREAD

MADE EASY

Making two-ingredient ice cream bread is one of those magical recipes that sounds impossible. The recipe is incredibly easy and yet the flavor possibilities are endless. All you need is your favorite flavor of ice cream and self-rising flour.

- ⇒ 2 cups softened ice cream
- ⇒ 1 1/2 cups self-rising flour

Gather the ingredients. Preheat the oven to 350 F. Grease a bread loaf pan and set aside. Stir the ice cream until mostly melted and smooth. In a large bowl, combine the soft, smooth ice cream, and the self-rising flour. Do not over mix. Pour the batter into the prepared bread loaf pan. Top with sprinkles, if desired. Bake for 40 to 45 minutes or until a toothpick inserted in the center comes out clean. Cool in the pan on a wire rack for 5 minutes. Remove from the pan and allow to cool the rest of the way on a cooling rack. Enjoy warm or at room temperature. Store leftovers for up to 3 days in an airtight container.
