HOW TO MAKE LEMON PIE:

The cream cheese is beaten until light and fluffy. It is then mixed with the condensed milk and lemon juice. The filling is then ready to be poured into the **premade pie crust**.Place it into the fridge for a few hours or overnight until set. Keep the pie chilled until it is ready to be served.

INGREDIENTS:

- **Lemons**
- **Cream cheese**
- **Condensed milk**
- **Graham cracker pie crust**

Lemons: This recipe uses fresh lemon juice. Not only does the lemon juice add lemon flavor but it also helps the pie filling set without needing to cook it.

Cream Cheese: Make sure to use full fat cream cheese. Cream cheese makes this filling extra creamy and tangy. The filling tastes almost like cheesecake.
